## ATLANTA INDUSTRIES.

They number about 225.

They represent invested capital of about \$10,000,000.00.

The people they employ number about 20,000.

They receive in salaries daily about \$35,000.00.

They spend daily about \$34,500.00.

They make and spend yearly about \$10,000,000.00.

Dear reader, *you* can help make these earnings and spendings \$50,000,000.00 or \$100,000,000.00.

How?

Simply by patronizing *home industry*.

The following firms manufacture about everything necessary for human needs and comfort.

Their respective products are as good, for the price asked, as any made in the world.

They are the people who have struggled and are struggling to make Atlanta the manufacturing and commercial hub of the South and the most prosperous and widely known city in the Union; therefore it becomes the duty of every true Atlantian to *patronize home industry* whenever and wherever possible.

It should be every man and woman's delight to point with pride to the home-manufactured products on their table, in their house or on their back, because, when they point to it, they are indicating the trust principle of a people's happiness and prosperity.

Every time you buy an Atlanta-made article you help support an Atlanta workman and his family, you help to make prosperous an Atlanta property-owner, merchant and clerk, by enabling that workman to live in a house, and buy life's necessities from the merchant through the clerk. Thus you help increase the population of the city and the prosperity of the surrounding farmers, and so on, through an endless chain of channels you do good by keeping your money in Atlanta.

Every time you buy an article made elsewhere that is being made here, you help tear down Atlanta's industries and curtail your own and Atlanta's prosperity.

Now, which will you do?

Tear down, or build up Atlanta?

# KREOSOTA

Is a disinfectant, perfect in its action, agreeable in its odor, non-poisonous, very cheap, and the best general disinfectant on the market.

## READ WHAT A FEW USERS SAY ABOUT IT :

Office of DR. W. H. WHITEHEAD.

Atlanta, Ga., February 27, 1899.

ATLANTA SPECIALTY Co.,  
25 E. Hunter Street, City.

Dear Sirs: I have used your "KREOSOTA" purifier and disinfectant and think it far superior to the numerous stinking carbolic acid mixtures on the market. Your "KREOSOTA" actually has a pleasant after-smell and fine anti-septic properties.

Respectfully,

W. H. WHITEHEAD, M.D.

Office of BOARD OF EDUCATION.

I have tested "KREOSOTA" and find it to be an excellent deodorizer and disinfectant.

W. F. SLATON, Supt. Public Schools.

Office of C. J. WALKER,  
LIVERY, SALE AND FEED STABLES.

Atlanta, Ga., August 20, 1897.

ATLANTA SPECIALTY Co.,

Dear Sirs:—I used the "KREOSOTA" that you so kindly left with me on a horse that had a very bad sore on his back of three months standing. I had tried every remedy that I could hear of, without effect, until I used yours, which I am pleased to say cured it up in five days. I consider "KREOSOTA" a great remedy and advise all owners of stock to use it.

Respectfully,

C. J. WALKER.

Office of CITY CLERK.

Atlanta, Ga., September 3, 1897.

I take pleasure in recommending "KREOSOTA" as being the best disinfectant and deodorizer that I have ever used.

W. D. GREENE, City Clerk.

# **DR. BLOSSER'S CATARRH CURE**

Is used by smoking, and, being inhaled, is applied to every affected spot in every part of the air-passages of the head, throat and lungs, destroying the germs of the disease, giving speedy relief and making a radical cure in ninety-five cases in every one hundred.

This is a pleasant and convenient remedy. It is prepared both in cigarette form and for use in a pipe.

Price, \$1.00 for a box containing enough for one month's use. For sale at our offices only. Consultation free.

# Baking Powder

Made in Atlanta.

## **"SUNRISE."**

To reduce cost and yet retain strength, purity and sweetness, is the problem solved in this Powder. It is sold at the price of the low-grade alum powders, 5c. and 10c., and is entirely free from any unpleasant and harmful qualities. One can will convince you—it costs but a nickel—your money back if not pleased

Ask your grocer for it. Accept no substitute, because there is no substitute as good for the price.  
\* Empty cans have an exchange value at our factory.
